

Addressable Fire Alarm Call Point DC24V For Fire Safety And Fire Security System

Our Product Introduction

for more products please visit us on xhafiresafety.com

Basic Information

- Place of Origin: China
- Brand Name: XHA
- Certification: CE
- Model Number: CA9006
- Minimum Order Quantity: 1PCS
- Price: negotiable
- Packaging Details: 200pcs/carton
- Delivery Time: 3 Working days
- Payment Terms: T/T, Western Union
- Supply Ability: 5000PCS/Month

Product Specification

- Product Application: Fire Alarm System
- Product: Manual Call Point
- Storage Temperature: -10°C To +50°C
- Power Supply: DC24V
- Communication Protocol: Addressable
- Humidity: 10% To 95% Non-condensing
- Name: Addressable Fire Alarm Call Point
- Highlight: Fire Safety Addressable Fire Alarm Call Point , Addressable Fire Alarm Call Point DC24V

Product Description

Addressable Fire Alarm Call Point For Fire Safety And Fire Security System

Product Description

Product Summary

An addressable manual call point is a device used in fire alarm systems that allows a person to manually trigger a fire alarm by physically activating the call point. It is called "addressable" because it has a unique digital address that allows the fire alarm control panel to identify the specific location of the activated call point.

It is more commonly used names for these types of devices. They describe the primary function of the call point - to manually activate the fire alarm system in the event of a fire or emergency.

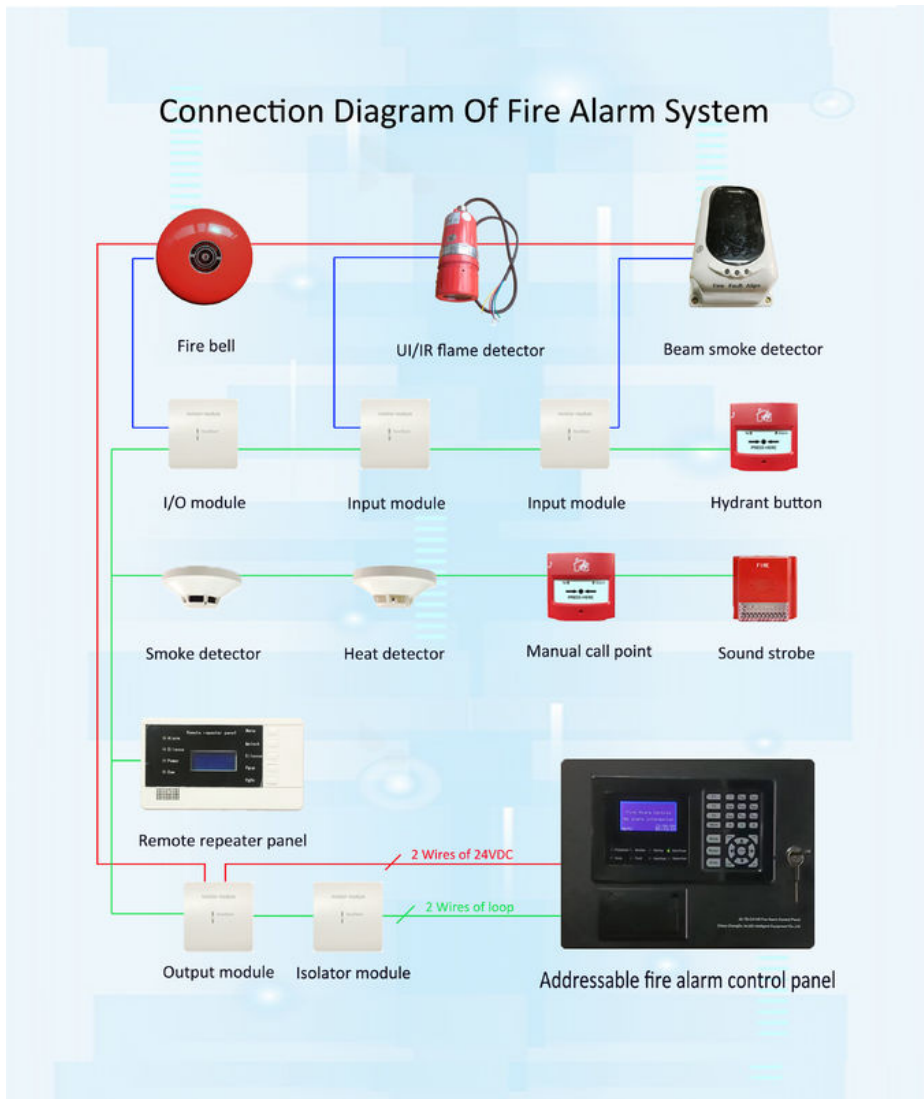

Technical Parameters

Product Type:	Fire Alarm System Manual Call Point
Alarm Output:	Sound/Light
Communication Protocol:	Addressable
Operating Humidity:	10-95%
Power Supply:	DC24V
Detection Method:	Smoke/Heat
Warranty:	1 Year
Operating Temperature:	-10-50 Degrees Celsius
Product Type:	Recoverable

Certifications:

EN54, CE

This alarm system is an important component of fire fighting and fire protection.

Addressable Fire Alarm System can be used in several scenarios, including but not limited to:

Hotels
Shopping malls
Hospitals
Schools
Factories
Airports
Residential buildings

Product Range

Conventional Fire Alarm System
Addressable fire alarm system
Gas Extinguishing control system
Beam Detector
4 wire smoke detectors with relay output.
2 wire Conventional smoke and heat detectors
Explosion-proof flame detector for fire alarm system
Standalone smoke detectors and combustible gas detector
