Wall/Ceiling Security Conventional Fire Alarm System with CE Smoke and Heat Detectors

Basic Information

- Place of Origin: China
- Brand Name: XHA
- Certification: CE
- Model Number: CK1004
- Minimum Order Quantity: 1
- Price: negotiable
- Packaging Details: 4pcs/carton
- Delivery Time: 3-7working days
- Payment Terms: T/T, Western union
- Supply Ability: 100000pcs/month

Product Specification

- Installation: Wall/Ceiling Mount
- Operating Humidity: 10% To 95%
- Power Supply: AC90-270V
- Weight: 2.5kg
- Detection Method: Smoke/Heat Detection
- Operating Temperature: -10°C To 50°C
- Alarm Output: Sound/Light
- Wired: 2 Wire
- Name: Conventional Fire Alarm System
- Highlight: **ce conventional fire alarm system**, **ce fire alarm system conventional**, **270v conventional fire alarm system**

Product Description

Conventional Fire Alarm System With CE Smoke And Heat Detectors For Wall/Ceiling Mount

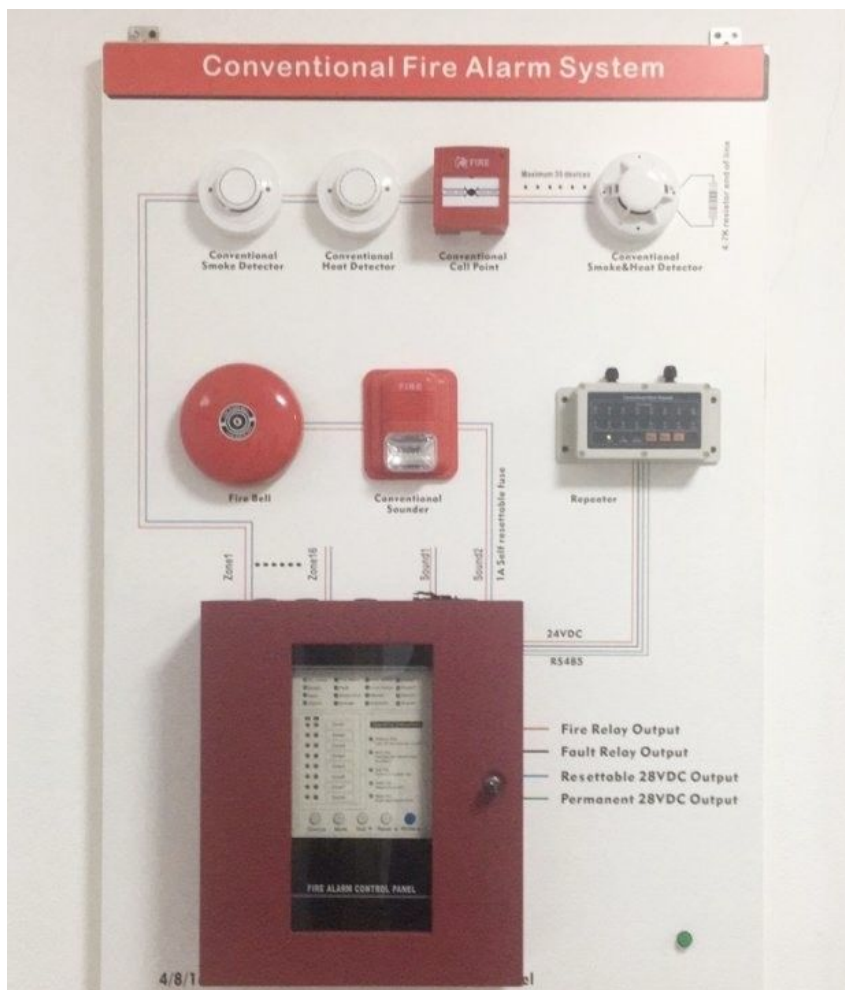

Product Description

The Conventional Fire Alarm System is backed by a 1-year warranty, which ensures that buyers get the best value for their investment. The system is equipped with both sound and light alarm outputs, which are activated when smoke or heat is detected. The sound alarm output produces a loud and clear sound that can be heard throughout the building, while the light alarm output provides a visual indication of the fire incident.

The Conventional Fire Alarm System is an essential tool for fire safety in any building or facility. It is a standard, traditional, and classic fire alarm system that provides early warning of fire incidents. The system is available in different models with 2,4, 8, or 16 zones to suit any size and complexity of the building.

Technical Parameters

Technical Parameter	Description
Type	Conventional Fire Alarm System
Operating Temperature	-10°C To 50°C
Alarm Output	Sound/Light
Detection Method	Smoke/Heat detection
Certifications	CE

Operating Humidity	10% To 95%
Number Of Zones	2/4/8/16 zones
Compatibility	Compatible With Conventional Detectors
Weight	2.5kg
Power Supply	AC90-270V

Product Catagory

Conventional Fire Alarm System
Addressable fire alarm system
Gas Extinguishing control system
Beam Detector
4 wire smoke detectors with relay output.
2 wire Conventional smoke and heat detectors
Explosion-proof flame detector for fire alarm system
Standalone smoke detectors and combustable gas detector
