## Description 4-Wire Fire Alarm Detector for Accurate and Timely Fire Detection

Our Product Introduction

for more products please visit us on [xfafiresafety.com](http://xfafiresafety.com)

### Basic Information

- Place of Origin: China
- Brand Name: XHA
- Certification: CE
- Model Number: XHA8023
- Minimum Order Quantity: 1PCS
- Price: negotiable
- Packaging Details: 100pcs/carton
- Delivery Time: 3 Working days
- Payment Terms: T/T, Western Union
- Supply Ability: 10000PCS/Month

### 4-Wire Photoelectric Heat Detector

ODM/OOEM

DC9-28V

Relay Output

### Product Specification

- Product Name: 403 Forbidden
- Description: The Server Understood The Request, But Is Refusing To Fulfill It.
- Server: Openresty
- Status Code: 403

## Product Description

### Product Description:

The 403 Forbidden 4-Wire Smoke Detector is an essential component of any advanced fire protection system. Designed to provide maximum safety and reliability, this smoke detector offers unparalleled performance in detecting smoke and triggering timely alerts to safeguard lives and property.

As a part of a comprehensive 4-Wire Smoke Alarm System, the 403 Forbidden smoke detector is a crucial device that is directly wired into the building's electrical system. This hardwired smoke detector ensures continuous power supply, eliminating the need for battery replacements and ensuring uninterrupted monitoring of smoke levels.

The 403 Forbidden smoke detector is equipped with advanced sensing technology that can quickly detect even the smallest traces of smoke, providing early warning signals in the event of a potential fire hazard. Its precision-engineered design and reliable performance make it an ideal choice for residential, commercial, and industrial applications where safety is of utmost importance.

Featuring a sleek and compact design, the 403 Forbidden smoke detector can be seamlessly integrated into any environment without compromising on aesthetics. Its discreet appearance ensures that it blends in effortlessly with the surroundings while providing robust smoke detection capabilities.

With a status code of 403, the 403 Forbidden smoke detector communicates effectively with the central monitoring system, ensuring prompt response and action in case of emergencies. The server technology used in this smoke detector, openresty, enhances its reliability and efficiency, making it a dependable choice for critical fire detection applications.

Whether installed in homes, offices, hospitals, or industrial facilities, the 403 Forbidden smoke detector delivers unparalleled performance and peace of mind. Its advanced features and robust construction make it a reliable choice for ensuring the safety of occupants and preventing potential fire disasters.

Investing in the 403 Forbidden 4-Wire Smoke Detector is a proactive step towards enhancing the fire safety measures of any building.

With its direct-wire smoke sensor technology, this hardwired smoke detector provides continuous monitoring and early detection of smoke, giving occupants valuable time to evacuate safely in case of a fire emergency.

When it comes to fire protection, every second counts, and the 403 Forbidden smoke detector is designed to provide fast and accurate smoke detection to minimize response times and mitigate fire risks effectively. Its intuitive design and user-friendly features make it easy to install and maintain, ensuring hassle-free operation for years to come.

Ensure the safety and security of your property and occupants with the 403 Forbidden 4-Wire Smoke Detector. Trust in its advanced technology and reliable performance to provide round-the-clock monitoring and early warning alerts, giving you the peace of mind that comes with knowing your building is equipped with top-of-the-line fire detection capabilities.

### Features:

Product Name: 403-Forbidden

Status Code: 403

Description: The server understood the request, but is refusing to fulfill it. Connected Smoke Alarm, Hardwired Smoke Detector, Wired Fire Safety Detector

Server: openresty

### Technical Parameters:

### Applications:

XHA 4 Wire Smoke Detector (Model: XHA8023) is a high-quality smoke detection device designed for various application occasions and scenarios. With CE certification and manufactured in China, this product ensures reliability and performance.

Product Application Occasions and Scenarios:

**Residential Buildings:** The XHA 4 Wire Smoke Detector is ideal for installation in homes, apartments, and condominiums to provide early detection of smoke and fire hazards.

**Commercial Spaces:** This Direct-Wire Smoke Sensor is suitable for use in offices, retail stores, and warehouses to enhance fire safety measures.

**Industrial Facilities:** The 4-Wire Smoke Alarm Device can be installed in factories, manufacturing plants, and storage facilities to monitor smoke levels and alert occupants in case of emergencies.

**Hospitals and Healthcare Facilities:** XHA8023 is a reliable smoke detection solution for hospitals, clinics, and nursing homes to ensure

the safety of patients and staff.

Educational Institutions: Schools, colleges, and universities can benefit from the Direct-Wire Smoke Sensor to safeguard students and faculty members from fire incidents.

With a minimum order quantity of 1PCS and negotiable pricing, the XHA 4 Wire Smoke Detector offers flexibility for both individual and bulk purchases. Payment terms include T/T and Western Union for added convenience.

Key Product Details:

Supply Ability: 10000PCS/Month

Delivery Time: 3 Working days

Packaging Details: 100pcs/carton

Whether you are looking to enhance fire safety in your home, workplace, or public facility, the XHA 4 Wire Smoke Detector (Model: XHA8023) provides reliable smoke detection capabilities. Trust in the quality and performance of this CE-certified product from China.

### Support and Services:

The 4 Wire Smoke Detector product offers comprehensive Product Technical Support and Services to ensure optimal functionality and performance. Our team of experts is dedicated to providing timely assistance with installation, troubleshooting, and any technical inquiries you may have.

### Packing and Shipping:

Product Packaging:

The 4 Wire Smoke Detector is carefully packaged to ensure its safety during transportation and storage. It is enclosed in a sturdy cardboard box with adequate cushioning to prevent any damage. The packaging includes all necessary components and user manuals for easy installation.

Shipping:

We offer fast and reliable shipping for the 4 Wire Smoke Detector. Once your order is confirmed, the product will be carefully packed and dispatched within 1-2 business days. You will receive a tracking number to monitor the shipping progress. Our goal is to deliver your order in a timely manner and in perfect condition.

### FAQ:

**Q: What is the brand name of this 4 Wire Smoke Detector?**

**A:** The brand name is XHA.

**Q: What is the model number of this 4 Wire Smoke Detector?**

**A:** The model number is XHA8023.

**Q: Where is this 4 Wire Smoke Detector manufactured?**

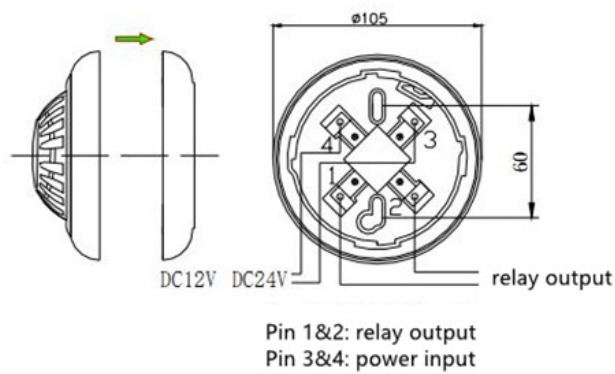

**A:** It is manufactured in China.

**Q: What is the minimum order quantity for this 4 Wire Smoke Detector?**

**A:** The minimum order quantity is 1 piece.

**Q: What are the accepted payment terms for purchasing this 4 Wire Smoke Detector?**

**A:** The accepted payment terms are T/T and Western Union.
