Product Description

Product Description:

The Addressable Fire Alarm System Advanced Technology for Effective Fire Detection and Prevention is a reliable and efficient solution for fire detection and prevention in various settings. With a work voltage range of AC90-270V, this integrated fire alarm system is designed to provide optimal performance and safety.

Having obtained the CE certification, this smoke alarm system ensures compliance with stringent quality and safety standards. The system's capacity of 254 control points allows for comprehensive coverage and effective monitoring of fire hazards.

Our Addressable Fire Alarm System offers not only top-notch functionality but also exceptional service to meet your specific needs. We provide OEM & ODM service, ensuring that the system can be tailored to your requirements. Additionally, we offer technical support and after-sale service to assist you every step of the way.

When you choose our Addressable Fire Alarm System, you can have peace of mind knowing that your investment is protected by a 1-year warranty. Our commitment to quality and customer satisfaction is reflected in our warranty policy.

With a normally 15 working days lead time, we strive to deliver your fire alarm installation promptly without compromising on quality. Whether you are looking to install the system in a commercial, industrial, or residential setting, we ensure a timely and efficient process.

We also welcome sample orders, allowing you to experience the performance and reliability of our Addressable Fire Alarm System first-hand. Try out the system in a small-scale setting before implementing it on a larger scale.

Features:

Product Name: Addressable Fire Alarm System

Anti-Theft Alarm System Type: Smoke Alarms

Customization: Available | Customized Request

Service:

OEM & ODM Service

Provide Technical Support And After-sale Service

1 Year Warranty

Capacity: 254 Control Points

Installation: Wall Mounted

Technical Parameters:

Battery Power Supply	DC 24V (1 Sealed Batteries: 1*12V*2.3Ah)
Anti-Theft Alarm System Type	Smoke Alarms
Operating Environment	Temperature -10°C~+50°C Humidity ≤95%
Dimensions	320mm×240mm×80mm
Customization	Available	Customized Request
Product Category	Addressable Fire Alarm System
Main Functions	System Self-test Function, Inquiry Function, Event Record, Data Sampling, Setting Function, Install And Programming, Feedback Function, Faulty Alarm Function
Product Name	Addressable Fire Alarm System Advanced Technology for Effective Fire Detection and Prevention
Capacity	254 Control Points
Certification	CE

Applications:

XHA CA9008 Addressable Fire Alarm System is a reliable and efficient fire safety solution suitable for various application occasions and scenarios. With CE certification and originating from China, this product guarantees high quality and performance. Customers can order a minimum of 1PCS at a negotiable price, with payment terms including T/T and Western Union. The supply ability is 100,000PCS per month, ensuring prompt delivery within 3 working days. Each unit is securely packaged with 100pcs per carton.

The XHA CA9008 Addressable Fire Alarm System is designed for fire service smoke alarms in commercial and residential buildings. It is ideal for fire alarm system repair and installation projects, providing a comprehensive range of functions to ensure fire safety and protection.

Key features of this product include a System Self-test Function, Inquiry Function, Event Record, Data Sampling, Setting Function, Install And Programming, Feedback Function, and Faulty Alarm Function. The system is powered by a DC 24V battery (1 Sealed Batteries: 1*12V*2.3Ah), offering reliable backup power in case of outages.

Installation of the XHA CA9008 Addressable Fire Alarm System is simple and convenient, as it is designed for wall mounting. The product operates effectively in an environment with temperatures ranging from -10°C to +50°C and humidity levels up to 95%, making it suitable for various indoor settings.

Support and Services:

The Product Technical Support and Services for the Addressable Fire Alarm System include:

- 24/7 technical support hotline for immediate assistance
- Remote troubleshooting and diagnostics
- On-site technical assistance for complex issues
- Regular software updates and maintenance services
- Training programs for users and maintenance staff
- Warranty and repair services for faulty components

Packing and Shipping:

Product Packaging and Shipping for Addressable Fire Alarm System:

Our Addressable Fire Alarm System is carefully packaged to ensure safe delivery to our customers. Each unit is securely placed in a sturdy cardboard box with ample protective padding to prevent any damage during transit.

Shipping Information:

- All orders are processed and shipped within 1-2 business days.
- We offer standard and expedited shipping options to meet your needs.
- Tracking information will be provided once your order has been dispatched.

FAQ:

Q: What is the brand name of this Addressable Fire Alarm System?

A: The brand name is XHA.

Q: What is the model number of this Addressable Fire Alarm System?
A: The model number is CA9008.
Q: Where is this Addressable Fire Alarm System manufactured?
A: This product originates from China.
Q: What are the accepted payment terms for purchasing this Addressable Fire Alarm System?
A: The accepted payment terms are T/T and Western Union.
Q: What is the minimum order quantity for this Addressable Fire Alarm System?
A: The minimum order quantity is 1 piece.
