

Explosion Proof UV/IR Flame Detector Fire Alarm Sensor SIL CCC Certified for Industrial Safety

Our Product Introduction

for more products please visit us on xhafiresafety.com

Basic Information

- Place of Origin: China
- Brand Name: XHA
- Model Number: UVIR2
- Minimum Order Quantity: 1
- Price: USD182
- Packaging Details: box
- Delivery Time: 7
- Payment Terms: T/T
- Supply Ability: 50

Product Specification

- Detection Method: UV/IR Combined
- Power Supply: DC18-30V
- Output Type: Relay
- Installation Type: Wall-Mounted
- Explosion Proof: Yes
- Application: Industrial Power Cabinet

Product Description

UV IR Flame Detector Explosion Proof Fire Alarm Sensor

Product Overview

SIL and CCC certified industrial-grade flame detector designed for power cabinet protection and hazardous area monitoring.

Key Features

Explosion-Proof Design

Safely monitors flammable areas without risk of explosion

UV/IR Combined Detection

Accurately identifies flames using both ultraviolet and infrared sensors

Wall-Mounted Installation

Easy to install and maintain in various industrial settings

DC18-30V Power Supply

Operates efficiently on standard industrial power sources

Relay Output

Sends immediate alerts through relays for quick emergency response

Certified: SIL & CCC Compliant
